Feeder Channel to Kanva Reservoir.

Q. 102.—Sri C. R. RANGE GOWDA (Magadi) .—

Will the Government be pleased to state :—

(*a*) whether it is a fact that the Government intend taking a feeder channel from the proposed Manchanabele Project to Kanva Reservoir ;

(*b*) if so, what would be the estimated cost of the proposed feeder channel ;

(*c*) whether it is a fact that the ryots who would be further affected by the impounding water in the Kanva Reservoir have resolved to protest against any such action if their villages and lands are to be further submerged ;

(*d*) whether there is any proposal to construct a Reservoir Tank near Yerehally and if so, what is the quantity of water that is proposed to be impounded in the said Reservoir Tank ;

(*e*) the number of acres that would be submerged under the said Reservoir Tank and what is the extent of land that could be brought under irrigation by such proposal ?

A.—Sri S. NIJALINGAPPPA (Chief Minister) .—

(*a*) Only investigations to find out the feasibility of diverting flood water from the proposed Manchanabele Reservoir to Kanva ar taken uup.

(*b*) The details of the Project are not yet worked out, as the investigations are not yet completed.

(*c*) No.

(*d*) The proposal of a Reservoir near Yerehally in Kanva Valley is a part of the diversion scheme which is under investigation.

(*e*) Details are not ready.
